NV - UNITAD Civilian Police Experts 2023 SM.pdf

REFERENCE: DPO/ORLSI/PD/2023/0148

The Secretariat of the United Nations presents its compliments to the Permanent Mission of Member State to the United Nations and has the honour to invite its Government to nominate Individual Police Officers/Civilian Experts in active service for appointment on secondment (non-contracted) to serve in the United Nations Investigative Team to Promote Accountability for Crimes committed by Da'esh/ISIL (UNITAD), for an initial period of six (06) months. Any further tour of duty extension can be granted on an exceptional basis provided there is a mission mandate requirement and the incumbent displays good performance, dedication, professionalism and the achieved results. The final decision on the extension is subject to approval by the United Nations and concurrence by the national authorities.

Details regarding the post/s for which the Secretariat is seeking qualified applicants are provided in the attached Job Opening/s. Also attached are the "Application Procedures for Individual Police Officers/Civilian Experts in United Nations Police Components in Peace Operations, Special Political Missions or Non-Mission Settings Requiring Official Secondment (non-contracted) from National Governments of Member States of the United Nations".

The Secretariat kindly requests the Permanent Mission to submit a **separate application for each nominee for each Job Opening to the Selection and Recruitment Section/Police Division/ORLSI/DPO, 2 UN Plaza, 15th Floor, room 1546 by email to sospeter.munyi@un.org**, in accordance with the above referenced procedures, certifying that the nominee meets the requirements in the attached job opening. **Applications submitted after the deadline specified in the Job Opening will not be considered.**

The Permanent Mission is also requested to confirm that the selected candidate will be released in a timely manner, from the national police service/Force or other national obligations for service with the United Nations. It is also requested to ensure that the rank/grade of each candidate submitted is indicated on the application. In addition, it is strongly recommended that Member States carefully pre-screen their applicants and submit only those candidates meeting all requirements for the position as described in the Job Opening. Please note that UNITAD being a Non-Mission Setting has its unique, special skills requirement as opposed to other peacekeeping Missions.

Member States are strongly encouraged to nominate qualified female Police Officers in accordance with United Nations Security Council Resolution 1325 (2000), dated 31 October 2000, and United Nations System-Wide Strategy on Gender Parity. Preference will be given to equally qualified women candidates.

The Secretariat wishes to reiterate that promoting and encouraging respect for human rights is a core purpose of the United Nations and central to the delivery of its mandates. Should the Secretariat become aware of grave human rights violations which give rise to concerns as to the record and performance of Member State police personnel, this may constitute grounds to revoke its acceptance of such personnel to serve in UN Peace Operations/Special Political Missions or Non-Mission Setting. In the case of nominees who have been investigated for, charged with or prosecuted for any criminal offence, with the exception of minor traffic violations (driving while intoxicated or dangerous or careless driving are not considered minor traffic violations for this purpose), but were not convicted, the government is requested to provide information regarding the investigation or prosecution concerned. The government is also requested to certify that it is not aware of any allegations against its nominated candidates that they

4

have committed or been involved, by act or omission, in the commission of any acts that may amount to violation of international human rights law or international humanitarian law.

The Secretariat recalls that it has a zero tolerance approach to fraud and corruption. The government is therefore requested to certify that there was no corruption or fraud in the nomination and/or extension procedures of police officer/s on secondment to the United Nations. Should the Secretariat become aware of allegations of corruption or fraud in the nomination and/or extension procedures of police officers on secondment, this may constitute ground to revoke its acceptance of such personnel to serve in the United Nations as well as suspension of any future police deployments from the contributing country concerned.

The Secretariat also recalls that the responsibilities of those personnel who are appointed to serve in United Nations peacekeeping or Special Political Missions or Non-Mission Setting, are exclusively international in character. They perform their functions under the authority of, and in full compliance with the instructions of the Secretary General of the United Nations and persons acting on his behalf and are duty-bound not to seek or accept instructions in regard to their performance of their duties from any government or from other authorities external to the United Nations. Seconded, non-contracted personnel should carry out their functions in accordance with all applicable regulations, rules and procedures of the organization.

The Secretariat of the United Nations avails itself of this opportunity to renew to the Permanent Mission of Member State to the United Nations the assurances of its highest consideration.
