وَلَا تَقُولُوا لِمَنْ يُقْتَلُ فِي سَبِيلِ اللَّهِ
أَمْوَاتٌ بَلْ أَحْيَاءٌ وَلَكِنْ لَا تَشْعُرُونَ

And do not say of those who are killed in the way of Allah
that they are dead. In fact, they are alive, but you do not perceive.

In the living memory of those who laid down their lives
so that others could live honourably and peacefully.

AABSHAR

Aabshar, meaning a waterfall, is the Police Khidmat Markaz (PKM) on Jail Road, Lahore. It offers a warm, cosy, friendly and aesthetically pleasing atmosphere to visitors. The theme has been selected to convey a sense of rhythm and harmony that nature brings to man. The soft natural music of the waterfall creates a setting that is both soothing and refreshing.

SIPS GULBERG, LAHORE

Special Initiative Police Station (SIPS) represents a modern idea of a police station that combines citizen-friendly settings and good service with predictability of key processes at a police station by digitally enforcing a set of protocols that ensure transparency and timeliness of police action on public complaints and reports of crime. These protocols bind police officers to take required action within a specified time frame. In case of violation of these protocols, officers are held answerable. SIPS seriously curtails scope for discretion and inaction and promotes a culture of accountability. In 2023, all the police stations in Punjab have been converted into SIPS.

SAIBAN GULBERG, LAHORE

SAIBAN stands for Services and Information Based Assistance Network. It is a modern, citizen friendly, IT enabled, reincarnation of Sub Divisional Police Office (SDPO). It provides all policing services to the citizens like any other police office / facilitation center and assistance to the police officers who might need it within the jurisdiction of SAIBAN. It is also a community based conflict resolution center. The first SAIBAN has been made fully functional in Gulberg Lahore under the leadership of a young ASP and is delivering exceptionally good quality service to the community. In time, every SDPO office in Punjab will be developed into a SAIBAN.

PKM GULBERG, LAHORE

Police Khidmat Markaz (PKM) was conceived and created in 2018 as a citizen facilitation center by Punjab Police in Multan. Now, PKMs have been established in all 36 districts across Punjab. These PKMs are offering 14 services to the citizens which include character certificate, police verification, employee registration, tenant registration, vehicle registration, international driving licence, and copy of FIR, etc. As technology partners of Punjab Police, Punjab Information Technology Board (PITB) has automated the processes and developed an integrated and centralised IT system for these centers to improve their overall efficiency. Establishment of these PKMs with a centralised IT system has resulted in:

- Guaranteed turn-around time for citizens
- Hassle free process
- Respectable treatment with the citizens
- Online tracking of application
- Citizen feedback & monitoring system
- Delivery of issued documents through courier
- Increase in revenue by ensuring transparency

TAHAFFUZ MARKAZ (TFM) LIBERTY, LAHORE

A Tahaffuz Markaz (TFM) which means ‘a protection centre’ is an original idea of Punjab Police. Conceived and created for the first time in the year 2023 by a team of young officers, a TFM is a place for protecting and helping the weak and vulnerable members of the community that include homeless children, run-away brides, mentally and physically challenged, weak and elderly individuals separated from their families, the trans-genders, and other victims of social discrimination and marginalization. These centres have police officers assisted by Victim Support Officers (VSOs) who are trans-genders. Police officers and VSOs posted in TFMs are formally trained to handle cases of discrimination and victimization with empathy and required level of sensitivity. There are TFMs in each district of Punjab, generally integrated as part of Police Khidmat Markaz.

MEESAQ CENTER KAHNA, LAHORE

Meesaq is a minority rights and interfaith harmony unit of Punjab Police which aims at empathetically engaging the minorities by redressing their grievances and resolving their issues on priority at Meesaq Centers (MCs). These Centers are established at district and sub divisional level and officers belonging to the minority communities are posted there to handle complaints. The MCs also hold interfaith harmony dialogues and offer all the policing services available at PKMs.

CENTRAL LODGE, LAHORE

Next to the Lahore Gymkhana Club, Central Lodge is a Police Mess at the Qurban Police Lines, Lahore. It is a temporary accommodation reserved for Police Officers visiting Lahore. It presents guests with a combination of classic and modern decor and is specially designed for comfort and warm hospitality away from home.

Central Lobby

SOLITAIRE

Variously meaning as "gemstone" and a "card game", Solitaire evokes an image of 'uniqueness'. It draws its meaning from its Latin root 'solitarius': alone and isolated. Tucked away from the humdrum city center at the far end of Elite Center on Bedian Road, Lahore, it is a hidden pearl and our best kept secret. It is a Police accommodation designed to host Police Officers of other nations visiting from abroad for training and exchange purposes, in a fully fortified environment offering a hospitable ambience.

TALONS, LAHORE

PUNJAB POLICE INTEGRATED COMMAND CONTROL & COMMUNICATION

PPIC3 CENTER, LAHORE

Punjab Police Integrated Command, Control and Communication (PPIC3) Center, Lahore was conceived and established in 2015 under the Punjab Safe Cities Authority (PSCA). It made Lahore the first city in South Asia using smart policing tools. PPIC3 Center aims to bring together the innovative concept of operations (ConOps), quality business processes with integrated cutting edge, AI enabled technology.

The Center houses modern infrastructure to provide real time information and intelligence through live surveillance, AI enabled detective systems and integrated communication networks. It assists police and government in evidence based decision making in operationally critical situations to ensure seamless service delivery to the public through effective cross agency coordination. It has enhanced security of police communication, accountability of police officers transparency of processes and promoted a culture of electronic evidence collection.

In 2023, five new PPIC3 Centers were established, one each in Gujranwala, Faisalabad, Rawalpindi, Kasur and Nankana Sahib. PPIC3 is the future of policing. The government plans to set up one PPIC3 in each district of Punjab.

SIPS ICHRA, LAHORE

LADY JUSTICE

The statue of Lady Justice at the entrance of SIPS Ichra, Lahore is based on Themis, the Greek goddess of justice, law and order. She carries scales of justice in one hand and a shining bare sword in the other. Scales represent even-handed dispensation of justice while the sword stands for law's merciless sanction. She is also blindfolded that indicates unbiased justice meaning thereby that she does not differentiate between a friend or a foe while dispensing justice. This image has inspired and kept alive the idea of justice for thousands of years.

The statue reminds every police officer that it is his/her duty to carry out his/her functions with fairness and firmness and without fear or favour.

SIPS GOGHERA, OKARA

While remodelling police stations into SIPS, Police Officers have exhibited unprecedented levels of creativity and passion. They researched local history, folklore, literature, as well as international symbols and scientific landmarks and integrated them as themes into their building design and decor. SIPS Goghera commemorates and immortalizes the memory of the greatest son of its soil Rai Ahmed Khan Kharal who led a rebellion against British East India Company in the heartland of Punjab during the 1857 War of Independence and died fighting as a brave freedom fighter.

SIPS Warburton, district Nankana Sahib was remodelled around the theme of forensics which stands at the heart of police investigation. Dr. Edmond Locard (1877-1966), also known as the Sherlock Holmes of Lyon gave forensic science his famous Exchange Principle that holds that "the perpetrator of a crime will bring something to the crime scene and will leave with something from it."
